October 20, 2025

Dear Jonathan,

On behalf of Science Atlantic, I would like to congratulate you on winning the Science Atlantic Science Communication Award, First Place, for your presentation, *A Human-in-the-Loop Pipeline for Accelerating MSX Diagnosis in Eastern Oyster (Crassostrea virginica) Histology*, at the Science Atlantic Mathematics, Statistics, and Computer Science Conference, held October 17th and 18th, 2025, at Cape Breton University.

The Science Atlantic Science Communication Award is offered at each of the annual Science Atlantic-sponsored student conferences. The prize is awarded to the student who is best able to communicate a science topic to their peers.

Science Atlantic is a charitable association representing 18 post-secondary institutions in Atlantic Canada. Established in 1962, Science Atlantic brings together faculty, researchers, and students from across the Atlantic Provinces in the pursuit of a connected post-secondary STEM community. Each year, Science Atlantic coordinates several academic student conferences in various science disciplines.

Congratulations once again on winning this award, and I wish you all the best in your future endeavours.

Sincerely,

Lois Whitehead
Executive Director
